

Summary of Scottish Water's 2008-09 wholesale water charges

Meter Size	Fixed charge (Charge per meter per annum. Also entitles connection to 20m ³ of water)	Capacity Volume consumption (Level of consumption above which the capacity volume charge ceases to apply)
20mm	£67	100 m ³
25mm	£129	500 m ³
40mm	£511	1,000 m ³
50mm	£921	2,500 m ³
80mm	£1,791	7,500 m ³
100mm	£1,943	25,000 m ³
150mm	£4,090	75,000 m ³
200mm	£30,672	100,000 m ³
250mm	£81,792	150,000 m ³
300mm	£101,218	300,000 m ³

Volumetric tariff band	Charge ^a
Standard consumption from 20m ³ to 250,000m ³	68.40 p/m ³
Standard consumption from 250,000m ³ to 1,000,000m ³	57.75 p/m ³
Standard consumption greater than 1,000,000m ³	35.44 p/m ³
Capacity volume charge ^b (applied to the Capacity Volume and is additional to the Standard Volume Charge)	50.29 p/m ³

Scottish Water's complete wholesale charges scheme is available on the Commission's website:
www.watercommission.co.uk

^a Adjustments apply to standard volume rates shown above for Premises supplied under a LUVA agreement in 2006/07. The following adjustments will apply to the share of volume above 100MI measured at the Premises: 100 – 250MI -30%, 250MI – 1,000MI -25%, >1,000MI +21%.

^b A premium of +50% will apply to volume between the Allocated Tranche and the Capacity Volume Threshold for measured connections with a 20mm meter

Summary of Scottish Water's 2008-09 wholesale foul sewerage and surface water drainage charges

Meter Size	Fixed charge (Charge per meter per annum. Also entitles connection to discharge 20m ³ of foul)	Capacity Volume consumption (Level of discharge above which the capacity volume charge ceases to apply)
20mm	£77	50 m ³
25mm	£153	250 m ³
40mm	£604	500 m ³
50mm	£900	1,500 m ³
80mm	£2,437	3,000 m ³
100mm	£4,329	10,000 m ³
150mm	£13,868	20,000 m ³

Volumetric tariff band	Charge
Standard Volume	122.59 p/m ³
Capacity Volume	102.24 p/m ³

Surface water drainage	Charge
Property Drainage	1.4835 p/£RV
Roads Drainage	1.9773 p/£RV
