Dear Jeremy

Commission changes to the Market Code

I refer to the recent discussions on the market entry process, as well as the Commission's Twentieth Licensing Consultation on the Allocation Process for Gap Sites and POLR Supply Points.

Following the Commission's publication of its response to the Twentieth Licensing Consultation, I enclose the Commission's changes to the Market Code and CSD 0001 (Market Training and Assurance Strategy for the Water Market in Scotland). These changes will implement the Commission's proposals for the revised market entry process and the Allocation Process for Gap Sites and POLR Supply Points.

The Commission is making these changes to the Market Code and CSD 0101 in accordance with Section 8.7.2 of the Market Code. Under Section 8.7.2(iv), these changes should take effect from the date of the next publication of the Market Code by the CMA or, at the latest, by 8 August 2008.

Yours sincerely
